MESSAGE

FROM THE DESK OF THE CHAIRMAN

MD. Gulap Hussain

Chairman Cum Managing Director
Crescent Institute of Paramedical Studies

The Crescent Institute of Paramedical Studies'(CIPS) mission is to serve society by offering Medicare services that are qualified and well-trained. The need for qualified paramedics in our society is rising due to the rising burden of diseases in the modern world. The Institute provides a solid basis for students who want to work in the paramedical sciences, namely in the field of healing the sick.

At Crescent Institute of Paramedical Studies, we want students to learn for the sake of learning, not just to pass the courses. Our institute is dedicated to giving them the greatest preparation for the world to come. The Institute will teach morals and provide appropriate training to anyone who wants to continue working as a paramedic.

As founder, I am glad to state that Crescent Institute of Paramedical Studies (CIPS) boasts a staff of distinguished professionals and educators, as well as an excellent, self sustaining infrastructure. There's more to the academic environment at the Institute than just chalk and discussion. In addition to honing their technical skills, it strives to transmit both fundamental and advanced knowledge of a subject to its pupils.

Lastly, I would like to extend a warm welcome to all of the students who are interested in a career in paramedical sciences and who want to contribute to society by reducing suffering.

MESSAGE

FROM THE DESK OF THE PRINCIPAL

Dr. ANKITA BARUAH

PRINCIPAL

Crescent Institute of Paramedical Studies

It is my immense pleasure to welcome you to Crescent Institute of Paramedical Studies (CIPS). I hope that the Institute will guide and nurture the aspirations of the students who are looking forward to nursing as a profession.

As one of the pillars of health care sciences, nursing focuses on the care of individuals, families, and communities to attain, maintain, and recover optimal health and enhance the quality of life.

I believe CIPS will be successful in providing quality education to all its students and helping them compete with the ever-growing demand for quality and affordable healthcare.

I greet all the students seeking admission to our Institute with a promise that our infrastructure and excellent faculty members and staff will help you all excel in your studies and clinical practice. We will also encourage our students to diversify and specialize in a multitude of fields of interest in Paramedicals.

It is my immense pleasure to welcome you to Crescent Institute of Paramedical Studies (CIPS). I hope that the Institute will guide and nurture the hopes and aspirations of all the students joining us.

-ABOUT US-

CIPS was established in the year 2024 with a mission to provide affordable quality paramedical education to the youth of Assam. Infront of ITI College of Nagaon District, CIPS had started its Journey with the Vision to eradicate the problem of unemployment to some extent by providing skill based, value added paramedical courses to all and empowered them with greater employment opportunities. We provide good quality classroom as well as equipped practical Laboratories and all the necessary requirements for better understanding.

OUR MISSION

- Our primary goal is to help people in the paramedical and related sciences find work or pursue self-employment.
- We provide education services to meet the needs of a diverse student body in order to help them land a better job and advance in their careers.
- Our goal is to empower the younger generation, particularly those from rural areas, who are unaware of the value of using their skills for the good of society.
- To offer paramedical and allied health professionals in a range of healthcare specialties.
- To strengthen the healthcare system by developing a workforce of dedicated and motivated healthcare professionals.

OUR VISION

- The goal of this institute is to create a haven for learners, and CIPS students are well-prepared to excel in both academics and extracurricular activities. Our primary goal is to educate and empower each person in the fullest sense of the word, turning them into a dependable and accountable citizen of our nation.

Skills smooth the path of life After completing schooling, every student arrives at a time when they have to secure their future lives This is a very important time During this time, one has to take the advice of parents, relatives and well-wishers to achieve one's goals If students move forward to make themselves skilled in a particular field/direction, very good results are obtained today. If you can become skilled or proficient in any one subject, especially in the field of health and medicine, then there is no need to worry about the future This is because the field of health and medicine is very wide There are many aspects to this If you can master any of these areas, you will have a special importance and the path to earning will be easier. I am particularly appreciative of the special initiative taken by the Crescent Institute of Paramedical Studies in this regard I hope Crescent Institute of Paramedical Studies will play a special role in smoothing the path of future life for the rising generation I am delighted to be a part of this journey of Crescent Institute of Paramedical Studies and through this article I wish them all the best on their journey.

GREETINGS

Congratulations on the Launch of New Vocational Courses in Crescent Institute

On behalf of Medicity Guwahati Group of Hospital, we extend our warmest congratulations to Crescent Institute of Paramedical Studies, a unit of M.G.H Group of Institutions, on launching new Vocational Courses and Diploma programs.

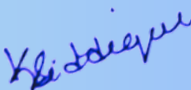

In a place like Nagaon, institutions like yours are crucial in providing quality vocational training that equips students with practical skills and ensures their success. Your commitment to 100% placement guarantees reflects the importance of such education in fostering a skilled workforce. Vocational training is the need of the hour, especially for the girl child. Nursing and paramedics are domains where we can work together to uplift and empower young women.

As part of the health industry, Medicity Guwahati will be glad to assist with training, skill development, and placement. We sincerely hope that your institution will cater to the needs of people from lower economic backgrounds, providing them with valuable opportunities for growth and development.

We wish you all the success and look forward to the positive impact your institution will have on many aspiring individuals.

Best regards,
